

TECHNICAL DATA SHEET

70% IPA Disinfectant Wipes

DESCRIPTION

Our 70% IPA disinfectant is widely used in professional settings including healthcare areas such as casualty departments, operating theatres, GP, dental surgeries, laboratories, clean rooms and care homes. Our IPA disinfectant wipes conform to the stated efficacy against a range of micro-organisms, giving you confidence that our alcohol disinfectant actually does what it says – to provide a rapid and effective level of disinfection.

Our wipes are tested against and compliant with EN 1276 and EN 13697 standards.

TECHNICAL SPECIFICATION
