

TECHNICAL DATA SHEET

Asbestos Warning Labels

DESCRIPTION

Warn people when they are at risk of exposure to asbestos with this roll of high-visibility safety labels. Asbestos can be a serious danger in a workplace and it's a legal requirement (as per the Control of Asbestos Regulations in 2012) that all people coming into contact with asbestos are alerted. These labels provide a clear and definite warning to everyone who sees them, so employees and others are able to act appropriately and take the necessary precautions. These labels are printed on durable, resilient vinyl. The labels are also self-adhesive and will stay firmly in place once applied.

TECHNICAL SPECIFICATION

Material	Vinyl
Quantity	Roll of 250 Labels
Dimensions	50mm x 50mm
Colour	Black/ Yellow

FEATURES

- Supplies 250 labels on a roll
- Cost effective
- Easy to use
- Ideal for large identification schemes to comply with regulations
