

TECHNICAL DATA SHEET

Dispenser for Byotrol INVIRTU Hand Sanitising Foam

DESCRIPTION

This wall-mounted, pump-action dispenser is for use with the 800ml hand foam sanitiser refill pouch. The foam helps increase hand hygiene compliance, creates a healthier workplace and strengthens brand reputation. Formulated to kill 99.99% of common germs and viruses, including Influenza A (H1N1, Swine Flu), MRSA, Rotavirus and E. coli. this foam hand sanitiser continues to provide protection between hand washing through its prolonged antimicrobial effect. NHS Approved.
