Product Description

AZOWIPE™ is our leading brand of 70% isopropyl alcohol disinfectant with over 30 years of heritage. AZOWIPE™ is NHS approved and is widely used in professional settings including healthcare areas such as casualty departments, operating theatres, GP, dental surgeries, laboratories, clean rooms and care homes. Furthermore, AZOWIPE™ is also used widely in non health areas including food manufacturing, hospitality and catering, schools and educational community where infection prevention and control is a prime requirement.

AZOWIPE™ is fully validated by United Kingdom Accreditation Service (UKAS) accredited laboratories. In the UK, (UKAS) is the sole national accreditation body recognised by the UK government to assess the competence of laboratories that provide certification, testing, inspection and calibration services. Our AZOWIPE™ disinfectants have undergone rigorous testing to ensure they conform to the stated efficacy against a broad range of micro-organisms, giving you confidence that our alcohol disinfectant actually does what it says – to provide a rapid and effective level of disinfection.
