Biohazard Spill Kit

- Portable and Lightweight
- Multiple Uses From a Single Kit
- Safe
- Efficient
- Conforms to WHO & CDC Guidelines
- Ready to Use
- Easy to Keep
- PPE Included
- Refills Available

Multiple use kit with tools and PPE for safe clear up and disinfection of multiple biohazard spillages. NaDCC chlorine release granules absorb spillage, kill pathogens on contact and reduce cross contamination risk. The tablets dilute to produce 10,000ppm concentration chlorine disinfectant solution fully effective against blood borne pathogens and Tuberculosis (TB). Intended for use in busy emergency rooms, larger departments and other similar situations where the risk and frequency of biohazard spillages is high.

Used throughout the NHS in hospitals, clinics, surgeries, laboratories and ambulances; dental and veterinary practices; nursing and care homes, schools, offices, businesses, ships, aircraft etc. Safe for use by non-specialist staff and first aiders. Refill items can be purchased separately.

Certified to the following standards: EN 1650, EN 1276, EN 13624, EN 13727 and EN 13697.

Available in 3 sizes: Standard (up to 4 spills), Midi (up to 10 spills) and Multi (up to 25 spills).

Active Ingredient: Triclosene Sodium (NaDCC)
